

Welcome to all of our new and returning families this year. We are looking forward to another fun year of learning at preschool.

There are lots of ways to keep in the loop about what is happening at preschool.

The **ACP Family Community Facebook page** is just for families of children currently enrolled.

Educators will post each week about the learning that has been happening in each room group, including photos of activities, artwork, Floor books, and any news about visits or incursions coming up.

Families returning from last year will need to join the new 2022 ACP Family Community FB page group.

You can join here by clicking on this link:

[2022 ACP Family Community | Facebook](#)

If your family doesn't use Facebook, the parent portal on the preschool website will be used more widely this year, with everything that is posted on the closed Facebook group being added there.

SEARCH

www.alstonvillecommunitypreschool.com.au

Click on the Educational Program tab and log in using this password.

ACP22

Please note the Portal is still being worked on and will not be available until Wednesday next week. This section of the website is for families of preschool children only and the password should not be shared.

During next week you will receive your child's **'What's Important to Us sheets'**. These are a little bit of homework for parents, that educators find very useful in getting to know your child as they begin preschool. Please return on your child's next preschool day.

Each month a **newsletter** will be emailed to all families so keep an eye out for it for updates and information about things coming up at preschool

Be sure to check the notice board at the entry each week. Lots of current information is added here.

GENERAL REMINDERS

Please be sure to sign your child in and out of preschool each day.

The daily attendance sheets are on the table at the front of the preschool in room groups for Treefrog room and Lilli Pilli room.

If your child needs medication for any reason please see one of the staff in the office. All medication/creams etc must be signed in for the day and not left in children's bags.

Sunscreen

There is an expectation that you will have either applied this at home, or have helped your child to apply it at the sunscreen station each morning ready for the morning outdoor session. Educators will reapply if needed later in the day.

Come along to our
Partners in Play Playgroup
for 2-3yr olds

WEDNESDAY Mornings 9:30 - 11:00am
at Alstonville Community Preschool

Phone: 6628 0822 for more information
or visit www.alstonvillepreschool.com.au

OUR Partners in Play PLAYGROUP is starting again on February 9th, and is open to all families with 2-3 year olds.

For the first few weeks, playgroup will be out in the park.

This is a lovely way to meet other parents and children and become familiar with preschool.

You can find out more and book in to attend through the preschools' website early next week.

Recommended fluid intake for school aged children

5 - 8
years old

1.2 litres

x 5

9 - 13
years old

1.5 litres

x 6

14 - 18
years old

1.8 litres

x 7+

MAINTENANCE LEVY

Although preschool fees have been subsidised by the NSW Government this year, and there is no daily attendance fee, Alstonville Community Preschool has a Maintenance Levy of \$80 per year to help us maintain the beautiful environment of our preschool without families being required to attend Working Bees throughout the year.

An invoice will be emailed for this shortly.

This can be paid in one lump sum or each term.

We have a **Water Only** policy at preschool.

Be sure to pack a bottle of water in the backpack each day to help your children stay hydrated. Children can refill their bottles at our bubbler on the deck, and of course our educators are there to help them,

Follow this helpful guide to ensure your child is getting enough fluid each day.
